NAPPA Top Toys for 2009: DVDs

Among this year's winners, you'll find some familiar DVD titles along with some wonderful surprises. Despite the many titles we review each year, I've discovered a couple of new ones that will definitely be joining my personal collection.

For Infants & Toddlers – DVD Series

So Smart! Baby's First-Word Stories, Echo Bridge Home Entertainment, 2009; 30 min. each; \$15.99 each; www.echobridgeentertainment.com; ages 1-3. Created by early childhood specialists, this video collection helps develop early language skills. Edward, Iggy, Dee Dee and Larry introduce simple words about your home, your closet, the outdoors, pets and more, and then build simple sentences and stories around the words.

"Absolutely one of the best educational series for toddlers."
— NAPPA Judge

"Love it! Love it! Love it! This is so perfect for developing language skills. So much better than any other toddler video on the market."
— Adult Tester and grandparent
